

## TRAFFIC ALERT

### Traffic changes – Temporary traffic realignment Gateway Motorway, Stretton

We are getting on with the job of upgrading your motorway network. From 27 July 2018, we will be implementing a number of temporary traffic changes before realigning northbound and southbound Gateway Motorway traffic, between Illaweena Street and Compton Road.

Traffic will be progressively switched onto the new carriageways and these changes undertaken every weekend from 7pm Friday until 5am Monday, until November 2018 and will include:

- Temporary single lanes closures on the northbound and southbound lanes of the Gateway Motorway, between Illaweena Street and Compton Road.

At the completion of these works, traffic will be realigned to the centre median and eastern side of the road corridor for works to progress in this area (see map below).

#### What to expect:

- increased activity around the work area including the presence of workers, vehicles and equipment
- road construction and resurfacing, road pavement profilers, compaction rollers, body trucks, line marking and use of hand tools, barrier relocation and installation of new signage
- changed traffic conditions and the use presence of traffic control and reduced speeds to ensure the safety of motorists and workers
- potential noise impacts from the use of machinery.

In the case of inclement weather or delays to the work, this work will be postponed to the next available shift. All works are scheduled to minimise impacts on the community and motorists. We thank you in advance for your patience during these works.

# LOGAN ENHANCEMENT PROJECT

## About the project

Transurban Queensland's \$512 million Logan Enhancement Project includes upgrading parts of the Logan and Gateway motorways, improving key congestion hot spots (Logan Motorway/Mt Lindesay Highway/Beaudesert Road interchange and the Wembley Road/Logan Motorway interchange) and constructing new south-facing ramps on the Gateway Motorway at Compton Road. Major construction is underway with the project anticipated to be completed in 2019.

## Keep updated about traffic changes

During construction of the Logan Enhancement Project we encourage you to plan ahead. For more information about upcoming traffic changes, view the [Road Users](#) page on the project website. Traffic information will also be posted on the [Queensland Traffic website](#) and provided to the 131940 call centre.

For more information about construction activities associated with the Logan Enhancement Project, please visit the project website (see below) or follow us on [Facebook](#).

## For more information
