

## TRAFFIC ALERT

### Traffic switch - Wembley Road northbound bridge, Berrinba

We are getting on with the job of upgrading your motorways. From **5am Thursday 18 April 2019**, one lane of the newly constructed Wembley Road northbound bridge over the Logan Motorway will open to traffic. At this time, the southbound bridge will be temporarily reduced to a single lane. All lanes on both bridges will open to traffic in early May, weather / construction permitting.

**From 8pm Tuesday 16 April until 5am Thursday 18 April 2019, the following traffic changes will be in-place:**

- the Macquarie Way / Wembley Road intersection will be under Queensland Police Service (QPS) control with intermittent closures of the left-turn out of Macquarie Way and right-turn into Macquarie Way. A local diversion will be in-place for any closures.
- the Anderson Street / Wembley Road intersection will be under QPS control.
- night-time (7pm until 5am) single lane two-way traffic arrangement on Wembley Road over the Logan Motorway.
- the Illaweenah Street / Wembley Road intersection will be under QPS control, with intermittent holding of traffic

#### What to expect:

- changed traffic conditions including closures, detours, the presence of traffic control and reduced speed limits
- increased activity around the work area including the presence of workers, vehicles and equipment
- cranes, asphaltting equipment, trucks, light vehicles, use of hand tools
- night works and potential noise impacts from the use of machinery.

In the case of inclement weather or delays to the work, this work will be postponed to the next available shift. All works are scheduled to minimise impacts on the community and motorists. We thank you in advance for your patience during these works.

# LOGAN ENHANCEMENT PROJECT

## About the project

Transurban Queensland's \$512 million Logan Enhancement Project includes upgrading parts of the Logan and Gateway motorways, improving key congestion hot spots (Logan Motorway/Mt Lindesay Highway/Beaudesert Road interchange and the Wembley Road/Logan Motorway interchange) and constructing new south-facing ramps on the Gateway Motorway at Compton Road. Major construction is underway with the project anticipated to be completed in 2019.

## Keep updated about traffic changes

During construction of the Logan Enhancement Project we encourage you to plan ahead. For more information about upcoming traffic changes, view the [Road Users](#) page on the project website. Traffic information will also be posted on the [Queensland Traffic website](#) and provided to the 131940 call centre.

For more information about construction activities associated with the Logan Enhancement Project, please visit the project website (see below) or follow us on [Facebook](#).

## For more information
