

## TRAFFIC ALERT

### Temporary changed traffic conditions – Illaweena Street, Stretton

There are ongoing changed traffic conditions on the section of **Illaweena Street** between Gowan Road and Hashim Place.

The following traffic changes will be implemented on Illaweena Street **until the current Brisbane City Council permit expires on Sunday 30 June 2019**:

- **weekdays** – a **24-hour single lane (two-way) traffic flow** arrangement controlled by temporary traffic signals will be in place along Illaweena Street under the Gateway Motorway bridges (see map over the page in Figure 1)
- **weekends** – a **full closure** of Illaweena Street between Gowan Road and Hashim Place (with local traffic access to the Stretton Recreational Reserve) from 8pm Fridays and will reopen to the single lane traffic flow arrangement at 5am on Mondays (see map over the page in Figure 2). Motorists are advised to use an alternative route during these closures
- **some public holidays and nights** – same traffic conditions as weekends, with the **full closure** to be in-place between 8pm and 5am – community notification will be provided in advance of each public holiday/night closure.

#### What to expect:

- increased activity around the work area including the presence of workers, vehicles and equipment
- road construction and resurfacing, road pavement profilers, compaction rollers, body trucks, and use of hand tools
- changed traffic conditions and the use presence of traffic control and reduced speeds to ensure the safety of motorists and workers
- night works and potential noise impacts from the use of machinery.

All works are scheduled to minimise impacts on the community and motorists. We thank you in advance for your patience during these works.

# LOGAN ENHANCEMENT PROJECT

Weekday single lane (two-way) traffic flow arrangement (Figure 1)

Full closure during weekends and public holidays/weekends (as required) (Figure 2)

# LOGAN ENHANCEMENT PROJECT

## About the project

Transurban Queensland's \$512 million Logan Enhancement Project includes upgrading parts of the Logan and Gateway motorways, improving key congestion hot spots (Logan Motorway/Mt Lindesay Highway/Beaudesert Road interchange and the Wembley Road/Logan Motorway interchange) and constructing new south-facing ramps on the Gateway Motorway at Compton Road. Major construction is underway with the project anticipated to be completed in 2019.

## Keep updated about traffic changes

During construction of the Logan Enhancement Project we encourage you to plan ahead. For more information about upcoming traffic changes, view the [Road Users](#) page on the project website. Traffic information will also be posted on the [Queensland Traffic website](#) and provided to the 131940 call centre.

For more information about construction activities associated with the Logan Enhancement Project, please visit the project website (see below) or follow us on [Facebook](#).

## For more information
