

TRAFFIC ALERT - UPDATE

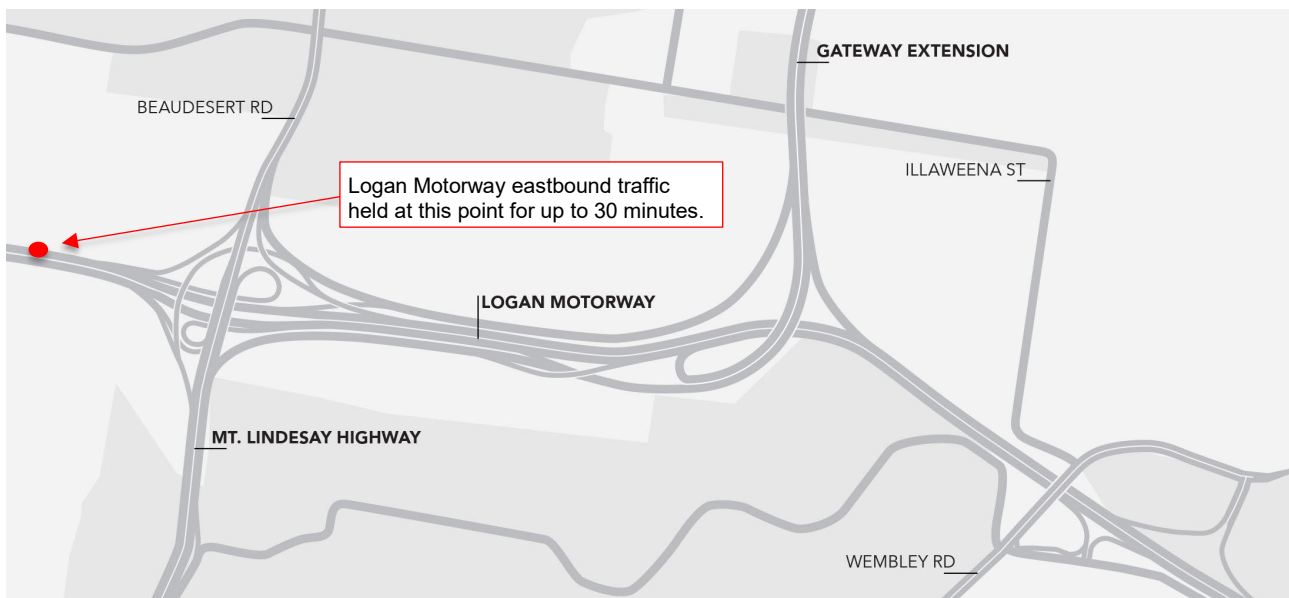

Traffic hold – Logan Motorway eastbound, Parkinson

We're getting on with the job of upgrading your motorways. From **Friday 14 June 2019**, the Logan Motorway eastbound lanes will be held for up to 30 minutes during night works, for the installation of an overhead way finding signage gantry.

During the traffic hold, the project team will be lifting and securing the way finding signage gantry in position above the Logan Motorway eastbound lanes (see map below). This work will be undertaken:

- **Up to 30 minutes between 11pm Friday 14 June and 3am Saturday 15 June 2019**

Please observe signage and allow extra travel time to reach your destination.

What to expect during these works:

- traffic hold of up to 30 minutes during installation of way finding signage gantry
- increased activity around the work area including the presence of workers, vehicles and equipment
- traffic control and reduced speeds will be in place to ensure the safety of motorists and workers
- potential noise impacts from the use of machinery.

In the case of inclement weather or delays to the work, this work will be postponed to the next available shift. All works are scheduled to minimise impacts on the community and motorists. We thank you in advance for your patience during these works.

About the project

Transurban Queensland's \$512 million Logan Enhancement Project includes upgrading parts of the Logan and Gateway motorways, improving key congestion hot spots (Logan Motorway/Mt Lindesay Highway/Beaudesert Road interchange and the Wembley Road/Logan Motorway interchange) and constructing new south-facing ramps on the Gateway Motorway at Compton Road. Major construction is underway with the project anticipated to be completed in 2019.

Keep updated about traffic changes

During construction of the Logan Enhancement Project we encourage you to plan ahead. For more information about upcoming traffic changes, view the [Road Users](#) page on the project website. Traffic information will also be posted on the [Queensland Traffic website](#) and provided to the 131940 call centre.

For more information about construction activities associated with the Logan Enhancement Project, please visit the project website (see below) or follow us on [Facebook](#).
